Sir,

In reply to your docket No 765/15 dated 26th November 1901, calling for a report as to the necessity for putting up tiled roofing over the Garbhagudi and Mantapam of the Sri Ranganathaswamy temple at Sorab, I have the honour to state that as reported

by the Arikdar the present terraced roofs of both the Parbhagandi and Dirantpara are leaky. The Dharmadarsees and devotees interested in the institution, are of opinion that repair by mortar is not suited to the malnad as they consider that it is likely to injure the stability of the structures and accordingly they recommend the putting up of a tiled roofing over the terrace.

The estimate is herewith resubmitted for sanction.

I have the honour to be,
Sir,
Your most obedient Servant.
